## PART IV.

### Official Papers

*Abstract of Season or Intermediate Reports for the Week ending 31st May 1884.*

**Bangalore District.**—Two inches and 21 cents of rain were gauged in the Civil and Military Station and 1 inch and 40 cents in the Town of Bangalore. Standing crops in good condition. Ploughing operations continue, also harvesting of Vaisakha paddy. Prospects of season favorable. Public health good. Fever prevalent in part of the Nelamangala Taluk. Cattle healthy; a few cases of murrain in the Hoskote and Magadi Taluks. Drinking water and pasturage sufficient. Prices: rice, second sort, 11 seers, ragi 36 seers and horse-gram 26 seers per rupee.

**Kolar District.**—Ninety-three cents of rain at Kolar. Standing Vaisakha paddy crops are withering in some places. Public health generally good, except a few cases of small-pox in Mulbagal, Malur and Gudibanda. Cattle disease prevails in the Mulbagal and Sidlaghatta Taluks. Water-supply and fodder diminishing. Prices: rice 14 to 16 seers and ragi 36 to 48 seers per rupee.

**Tumkur District.**—Fifty-four cents of rain at Tumkur. Standing crops in good condition. Green and black-gram were sown in Tiptur and Chiknayakanhalli and sugar-cane is being planted in Maddagiri. Paddy, javari, sugar-cane and cotton continue to be harvested. Prospects of season good. Fever and chicken pox prevalent in parts of the Chiknayakanhalli Taluk. Cattle suffering from chappe-roga in Chitaldroog and Holalkere. Water-supply and pasturage sufficient. Prices: rice, second sort, 14½, ragi 48 and horse-gram 32 seers per rupee.

**Shimoga District.**—Kar paddy was harvested in Chaunagiri. Paddy was sown in Sagar and Nagar. Ploughing and sowing operations are in a backward condition in other taluks for want of rain. Fever and dysentery prevalent. Foot and mouth disease among cattle in parts. Prices: rice 15½ to 20 seers, ragi 25 to 60 seers, and jola 32 to 44 seers per rupee.

**Kadur District.**—Ninety-five cents of rain at Chikmagalur. Paddy, ragi, jola, gram, wheat, &c., were sown in parts. Cotton in Tarikere and paddy in Arsikere and Belur were harvested. Cattle healthy. Water-supply and pasturage fair. Prices: rice 13 to 25 seers and ragi 22 to 48 seers per rupee.

By Order,

T. SRINIVASAIENGAR,  
Under-Secretary.

## PART IV.

### Official Papers.

#### *Abstract of Season or Intermediate Reports for the Week ending 7th June 1884.*

*Bangalore District.*—One inch 82 cents were gauged in the Civil and Military Station and 2 inches 45 cents in the Town of Bangalore. Standing crops in good condition. Ploughing operations in progress. Harvesting of Vaisakha paddy continue. Public health generally good. Cattle healthy. Drinking water and pasturage sufficient. Prices: second sort rice 11 seers, ragi 36 seers and horse-gram 26½ seers per rupee.

*Kolar District.*—Forty-one cents of rain at Kolar. Standing Vaisakha paddy crops withering in some places. Water-supply and fodder getting scarce. Public health generally good. Cattle disease abated. A large flight of locusts alighted near Gulur in the Bagepalli Taluk, but committed no damage. Prices: rice 14½ to 16 seers and ragi 36 to 48 seers per rupee.

*Tumkur District.*—Standing crops in good condition. Harvesting of Vaisakha paddy continued. The paddy crop under some tanks in the Sira Taluk has withered from want of water. Prospects of season favorable. Public health generally good. Cattle suffer from murrain in parts. Water-supply and pasturage available. Prices: second sort rice 14 to 18 seers, ragi 40 to 50 seers and horse-gram 32 to 50 seers per rupee. Swarms of locusts visited a few villages in the Chitaldroog, Chellakere and Pavagada Taluks, causing slight damage to crops.

*Mysore District.*—One inch 68 cents of rain at Mysore. Standing crops in good condition. Sowing of cholam and kar ragi continued. Ploughing going on generally. Prospects of season promising. Public health generally good. Prices: rice 14 seers, ragi 32 seers and horse-gram 25 seers per rupee.

*Shimoga District.*—Kar paddy was harvested in the Chaunagiri and Nagar Taluks. Paddy seedlings are fading from want of rain. Green-gram, yella and paddy were sown in the Honnali Taluk and sugar-cane planted in Sagar. Rain is still holding off. Fever and dysentery prevalent. Cattle suffer from foot and mouth disease in parts. Prices: rice 15 to 20 seers, ragi 30 to 56 seers and jola 32 to 48 seers per rupee.

*Kachur District.*—One inch 15 cents of rain at Chikmagalur. Crops in good condition, but rain required for standing crops in Maidan Taluks. Paddy, ragi, jola, green and black-gram were sown. Paddy was harvested in parts and cotton in Tarikere. Prospects of season good. Slight fever and small-pox prevail in parts. Cattle healthy. Water-supply and pasturage fair. Prices: rice 13 to 25 seers and ragi 22 to 50 seers per rupee.

By Order,

T. SRINIVASA IENGAR,  
Under-Secretary.

## PART IV.

### Official Papers.

*Abstract of Season or Intermediate Reports for the Week ending 21st June 1884.*

*Bangalore District.*—Four cents of rain were gauged in the Civil and Military Station of Bangalore. Rain much needed for agricultural operations. Standing crops in good condition. Harvesting of Vaisakha paddy continues. Public health good. Cattle healthy. Drinking water and pasturage sufficient. Prices : second sort rice 11 seers, ragi 35 seers and horse-gram 26 seers per rupee.

*Kolar District.*—Forty-nine cents of rain at Kolar. Want of rain much felt. Standing crops in good condition. Valle-yellu, harka, sajje and ground-nut, were sown in the Malur Range. Public health good. Cattle healthy. Water and fodder procurable. Prices : second sort rice 14½ to 17 seers and ragi 36 to 48 seers per rupee.

*Tumkur District.*—Ninety cents of rain fell at Tumkur. Punaji paddy, oil-seed, haraka, black-gram alsandi, ragi and javari, were sown in some places. Standing crops in good condition, except in Tiptur where they are fading from want of rain. Paddy, sugar-cane and javari were harvested in almost all the Taluks. Prospects of season favorable. Fever and ague prevalent in several Taluks. Cattle continue to suffer from murrain in parts. Drinking water and pasturage available. Prices : second sort rice 14 to 18 seers, ragi 40 to 50 seers and horse-gram 32 to 50 seers per rupee.

*Mysore District.*—Thirty-five cents of rain at Mysore. Agricultural operations in progress. Recent rain has improved the condition of standing crops. Sowing of early crops continued. Prospects of season favorable. Public health fair. Prices : rice 13½ seers, ragi 29½ seers and horse-gram 22 seers per rupee.

*Shimoga District.*—Thirty-two cents of rain at Shimoga. Paddy was sown in parts of 4 Taluks, and in the Honnali Taluk, where the rain-fall has been somewhat general, paddy, ragi, yellu and green-gram were sown. Fever, ophthalmia and dysentery prevalent. Cattle suffer from throat disease in the Shikarpur Taluk. Prices : rice 14 to 20 seers, ragi 33 to 60 seers and jola 28 to 48 seers per rupee.

*Kadur District.*—Fifty-one cents of rain at Chikmagalur. Standing crops in good condition. Paddy, ragi, green and black-gram, jola, wheat and coriander were sown. Vaisakha paddy was harvested in parts of the Koppa and Arsikere Taluks. Prospects of season, in the Malnad fair. In the Maidan Taluks, rain is much needed. Public health generally good. Cattle suffer from chappe roga in parts of the Tarikere Taluk. Water-supply and pasturage fair. Prices : rice 14 to 25 seers and ragi 22 to 50 seers per rupee.

By Order,  
T. SRINIVASAIENGAR,  
Under-Secretary.

## PART IV.

### Official Papers.

#### *Abstract of Season or Intermediate Reports for the Week ending 14th June 1884.*

*Bangalore District.*—Four cents of rain were gauged in the Civil and Military Station of Bangalore. Standing crops in good condition. Ploughing operations continue. Vaisakha paddy partially harvested. Prospects of season favorable, but more rain needed for agricultural operations. Public health generally good. Fever continues in the Nelamangala Taluk. Cattle healthy. Drinking water and pasturage sufficient. Prices: second sort rice 11 seers, ragi 35 seers and horse-gram 26 seers per rupee.

*Kolar District.*—Sixty-two cents of rain at Kolar. Standing crops in a few places withering. Yellu, ground-nut, harka and sajje have been sown in the Malur range. Public health generally good, except a few cases of measles and ague in parts. Cattle healthy. Water and fodder procurable. Prices: second sort rice 14 to 17 seers and ragi 36 to 48 seers per rupee.

*Tumkur District.*—One inch 86 cents of rain at Tumkur. Moderate showers in all the taluks of the District. Javari, green-gram, black-gram, sesamum and paddy were sown in parts. Paddy, sugar-cane and cocoanut are being harvested in parts. Standing crops in good condition generally, except the paddy crop in the Sira Taluk which is withering in parts for want of water. Prospects of season favorable. Ague prevalent in parts. Cattle suffer from murrain in the Chitaldroog and Chellakere Taluks. Water-supply and pasturage available. Prices: second sort rice 14½ to 18 seers, ragi 40 to 50 seers and horse-gram 32 to 50 seers per rupee.

*Mysore District.*—Eleven cents of rain at Mysore. Standing crops in good condition. Agricultural operations in progress and sowing of early crops continued. Public health generally good. Prices: rice 13 seers, ragi 32 seers and horse-gram 25 seers per rupee.

*Shimoga District.*—Eighty-seven cents of rain at Shimoga. Kar paddy is being harvested in the Nagar Taluk. Paddy was sown in the Shikarpur, Sorab and Nagar Taluks, and sugar-cane and paddy in Sagar. Fever and dysentery prevalent. Cattle suffer from murrain in the Honnali Taluk. Prices: rice 14½ to 20 seers, ragi 30 to 55 seers and jola 32 to 48 seers per rupee.

*Kadur District.*—Three cents of rain at Chikmagalur. Rain required especially in the Malnad where paddy nurseries are withering on account of the rains holding off. Paddy, ragi, togari, and avare were sown. Cotton was picked in parts of the Tarikere Taluk, and Vaisakha paddy was harvested in some other taluks. Prospects of season favorable. Cattle healthy. Water-supply and pasturage sufficient. Prices: rice 14 to 25 seers and ragi 20 to 48 seers per rupee.

## PART IV.

### Official Papers.

#### *Abstract of Season or Intermediate Reports for the Week ending 5th July 1884.*

*Bangalore District.*—Six cents of rain were gauged in the Civil and Military Station. Standing crops below tanks in good condition. No seeds sown on dry crop lands. Prospects of season uncertain, as rain holds off throughout the District. Public health good. Cattle healthy. Drinking water and pasturage sufficient. Prices : rice  $11\frac{1}{2}$  seers, ragi  $35\frac{1}{2}$  seers and horse-gram  $25\frac{1}{4}$  seers per rupee.

*Kolar District.*—Eleven cents of rain at Kolar. Want of rain much felt. Standing crops withering in parts. Public health good, except a few cases of fever and ague in Malur and Chintamani. Cattle healthy. Water supply and pasturage available. Prices : rice  $13\frac{1}{2}$  to 16 seers and ragi 25 to 44 seers per rupee.

*Tumkur District.*—Forty-nine cents of rain at Tumkur. Standing crops in a backward condition from want of rain. Tuar, ballar, ragi and oil-seed were sown in the Holalkere Taluk. Prospects of season fair. Fever continues in the Taluks of Chiknayakanballi, Tiptur, Holalkere and Hiriyur. An Hospital Assistant has been deputed for duty in the 2 first mentioned Taluks. Cattle healthy. Pasturage and drinking water available. Prices : rice, second sort, 15 to 19, ragi 44 to 54 and horse-gram 30 to 50 seers per rupee.

*Mysore District.*—Standing crops in generally good condition, but young crops in need of rain. Sowing operations also retarded for want of rain. Public health generally good. Prices : rice 14 seers, ragi 28 seers and horse-gram 25 seers per rupee.

*Shimoga District.*—One inch 53 cents of rain at Shimoga. Standing crops in good condition. Paddy, ragi, jola, sugar-cane, yellu, green-gram, and baragu were sown. Prospects favorable. Fever and dysentery prevalent. A few cases of cholera occurred in Davangere and Harihar. Murrain prevalent among cattle in parts. Prices : rice  $14\frac{1}{2}$  to 20 seers, ragi 28 to 56 seers and jola 25 to 48 seers per rupee.

*Kadur District.*—Forty cents of rain at Chikmagalur. Standing crops in good condition. Paddy, ragi, and chilly were sown. Vaisakha paddy was harvested in parts of the Arsikere Taluk. Prospects of season unsatisfactory in the Malnad. Rain much needed in the maidan. Public health fair. Cattle generally healthy. Water supply and pasturage available. Prices : rice 14 to 23 seers and ragi 20 to 48 seers per rupee.

## PART IV.

### Official Papers.

#### *Abstract of Season or Intermediate Reports for the Week ending 12th July 1884.*

**Bangalore District.**—Fifty-five cents of rain were gauged in the Civil and Military Station, and 35 cents in the Town of Bangalore. Standing crops below tanks in good condition. Rain urgently needed for ploughing and sowing on dry crop lands. Prospects of season uncertain, as rain continues to hold off. Public health good. Cattle suffer from murrain in the Magadi Taluk. Drinking water and pasturage sufficient. Prices: second sort rice 11½ seers, ragi 35 seers and horse-gram 25 seers per rupee.

**Kolar District.**—Thirty cents of rain at Kolar. Standing crops withering in some places. Public health generally good, except in the Malur Taluk where fever prevails. Cattle suffer from murrain in Malur. Water and fodder supply diminishing. Prices: second sort rice 13½ to 16 seers and ragi 28 to 40 seers per rupee.

**Tumkur District.**—Fifty-two cents of rain at Tumkur. Ragi, javari, green-gram and punaji paddy were sown to a slight extent. Standing crops in Tiptur and Challakere fading. In Hiriyur the sesamum crops dried and were therefore removed. Paddy was harvested in some places. Prospects of season uncertain. Fever prevalent in parts. Three persons returning from Bellary were attacked with cholera on the frontiers. Murrain prevalent in two taluks. Fodder getting scarce. Prices: second sort rice 15 to 17 seers, ragi 42 to 52 seers and horse-gram 30 to 45 seers per rupee.

**Mysore District.**—Fifteen cents of rain at Mysore. Standing crops in generally good condition, but fading in parts from want of rain, which is much needed especially for young crops. Prospects of season fair. Public health fair. Cattle healthy. Fodder and pasturage ample. Prices: rice 14 seers, ragi 28 seers and horse-gram 25 seers per rupee.

**Shimoga District.**—Forty-seven cents of rain at Shimoga. Standing crops especially paddy in need of rain in all the taluks except Tirthahalli and Nagar. Yellu and green-gram have been attacked by insects in the Honnali Taluk. Paddy, ragi, jola, sugar-cane and yellu were sown and paddy seedlings transplanted in the Nagar Taluk. Fever and dysentery prevalent. Cattle suffer from murrain in the Honnali and Channagiri Taluks. Prices: rice 14½ to 20 seers, ragi 28 to 56 seers and jola 28 to 48 seers per rupee.

**Kadur District.**—Forty-four cents of rain at Chikmagalur. Standing crops in good condition. Paddy, coriander, wheat and garlic were sown. Vaisakha paddy was harvested in parts of the Arsikere Taluk. Prospects of season fair in the Malnad. Fever prevalent in parts. Murrain in the Kadur and Hassan Taluks. Water supply and pasturage decreasing. Prices: rice 14 to 22 seers and ragi 20 to 40 seers per rupee.

By Order,  
R. VIJAYINDRA RAO,  
Secretary.

## PART IV.

### Official Papers.

*Abstract of Season or Intermediate Reports for the Week ending 19th July 1884.*

*Bangalore District.*—Four cents of rain gauged in the Civil and Military Station. Standing crops under tanks generally in fair condition, but in some Taluks they are withering from want of water. No seeds were sown on dry crop lands. Public health good. Prospects of season unfavorable. Cattle generally healthy. Drinking water and pasturage insufficient owing to continued drought. Prices: second sort rice 11½ seers, ragi 33 seers and horse-grain 25 seers per rupee.

*Kolar District.*—The rain-fall during the week was nominal. Tanks have become empty. Standing crops withering in many places. Most of the lands lie fallow. In some places lands have not been ploughed yet. Public health generally good, except that a few cases of fever are reported from some Taluks. Cattle disease in Malur. Much difficulty is felt in procuring water and fodder. In Mulbagal leaves of trees are used as fodder. Prices: rice 14 to 16½ seers and ragi 28 to 40 seers per rupee.

*Tumkur District.*—Seventeen cents of rain at Tumkur. Agricultural operations retarded owing to want of rain. Sosi-ragi, punaji paddy, green-gram, ragi, javari, tuvar, ballar and oil-seed were sown in some Taluks. Sugar-cane and paddy were harvested in the Tumkur, Gubbi and Tiptur Taluks. Standing crops withering in some Taluks, but doing well in others. Prospects of season uncertain. Fever prevalent. Cattle in poor condition from want of sufficient fodder. Murrain has appeared in parts. Drinking water and pasturage available. Prices: second sort rice 14 to 18 seers, ragi 40 to 52 seers and horse-grain 30 to 45 seers per rupee.

*Shimoga District.*—One inch 73 cents of rain at Shimoga. Standing crops in good condition, but paddy crops require more rain in most Taluks. Paddy, ragi, jola, sugar-cane, green-gram and yellu were sown. No seeds were sown in Davangere Taluk from want of rain. Arecanut suffer from "Kolé rôga" in Sagar. Prospects of season uncertain especially in the Maidan Taluks. Fever, dysentery and small-pox prevalent. Cattle suffer from murrain in parts. Prices: rice 14½ to 20, ragi 28 to 54 and jola 28 to 48 seers per rupee.

*Kadur District.*—One inch 4 cents of rain at Chikmagalur. Crops in good condition. Paddy, ragi, chilly and oil-seed were sown. Vaisakha paddy was harvested in parts of the Arsikere Taluk. Prospects of season fair in the Malnad Taluks, but unfavorable in the Maidan. Small-pox and fever prevalent in parts. "Chappe rôga" prevalent among cattle in parts. Water supply and pasturage failing in two Taluks. Prices: 2nd sort rice 12 to 22 seers, ragi 19 to 48 seers per rupee.

By Order,

R. VIJAYINDRA RAO,  
Secretary.

## PART IV.

### Official Papers.

#### *Abstract of Season or Intermediate Reports for the Week ending 26th July 1884.*

**Bangalore District.**—Twenty-nine cents of rain fell in the Civil and Military Station and 95 cents in the Town of Bangalore. Standing crops, except those under tanks, are reported to be withering. No seeds sown as yet on dry crop lands. Prospects of season still very uncertain. Public health good. Cattle healthy, but foot and mouth disease in parts. Drinking water and pasturage scarce in most of the Taluks. Prices rising: second sort rice  $11\frac{1}{2}$  seers, ragi 30 seers and horse-gram 25 seers per rupee.

**Kolar District.**—No rain fell during the week. Standing crops are withering in many places. Ragi has not yet been sown. Public health generally good, but fever slightly prevalent in many Taluks. Cattle disease in two Taluks. Water and fodder becoming scarce. Prices: second sort rice 14 to 16 seers and ragi 27 to 40 seers per rupee.

**Tumkur District.**—Slight rain has fallen in two hoblis of the Holalkere Taluk; two cents at Chitaldroog; in other places there has been no rain at all. Agricultural operations are at a stand still. The few crops standing are generally in an indifferent condition from want of rain. In some places they have already dried up. In the Maddagiri and Chitaldroog Taluks they are doing well. Ragi, ballar, oil-seed and javari were sown to a small extent. Paddy and sugar-cane were harvested in some places. Prospects of season unfavorable. Fever continues in parts. Cattle suffer from murrain in parts, and are generally in a reduced state for want of sufficient green fodder. Water supply and pasturage indifferent. In parts of the Tiptur Taluk cattle are fed on date leaves. Prices: second sort rice  $12\frac{1}{2}$  to 17 seers, ragi 36 to 52 seers and horse-gram 28 to 45 seers per rupee.

**Mysore District.**—No rain. Standing crops fading from want of rain. Agricultural operations at a stand still. Want of rain is causing anxiety. Prospects of season unfavorable. Water supply good. Pasturage failing in some places. Public health good. Cattle pretty free from disease. Prices: rice 13 seers, ragi 28 seers and horse-gram 22 seers per rupee.

**Shimoga District.**—Thirty-seven cents of rain at Shimoga. Standing crops in good condition, but in urgent need of rain. Paddy, ragi and jola were sown, and paddy seedlings transplanted in Nagar, but to a small extent. Sowing and transplanting retarded very much from want of rain. Prospects of season unfavorable. Fever, dysentery and small-pox prevalent. Cattle are in good condition generally. Prices: rice 14 to 19 seers, ragi 28 to 52 seers and jola 28 to 44 seers per rupee.

**Kadur District.**—Fifty-three cents of rain at Chikmagalur. Standing crops in fair condition. Areca-nut crop is affected by Koléroga in parts of the Koppa Taluk. Paddy, ragi, wheat, garlic and sugar-cane were sown. Vaisakha paddy was harvested in parts of the Arsikere Taluk. Prospects of season fair in the Malnad, but unfavorable in the Maidan. Small-pox and fever in parts. Cattle suffer from "Chapperóga" in parts of two Taluks. Water supply and pasturage failing in the Kadur and Arsikere Taluks. Rain much required. Prices: rice 14 to 20 seers, ragi 18 to 48 seers per rupee.

By Order,  
R. VIJAYINDRA RAO,  
Secretary.
